Demographic Overview of Europe

Understanding Europe's human geography begins with examining its population distribution, density, and demographic trends.

Population Distribution and Density

Europe's population is approximately 747 million people as of 2023, making it the third most populous continent after Asia and Africa. However, population density varies significantly across regions:

- **Northern Europe:** Countries such as Sweden and Finland have lower densities but significant urban centers.
- **Southern Europe:** Italy, Spain, and Greece feature densely populated coastal cities and rural inland regions.

Population Trends and Challenges

Europe faces several demographic challenges:

- **Population Decline:** Countries like Bulgaria, Latvia, and Croatia are experiencing declining populations due to low birth rates and emigration.
- **Aging Population:** The median age in many European countries is rising, with over 20% of the population aged 65 or older in countries like Italy and Germany.
